MOTION FOR LEAVE TO SUBMIT LATE-FILED RESPONSE

Pursant to Rule 45 of the Commission's Rules of Practice and Procedure, Cabrillo Power I LLC ("Cabrillo Power") seeks leave to submit its Response and Prehearing Conference Statement in this application. Cabrillo Power served all parties with its Response and Prehearing Conference Statement electronically on September 11, 2006.

Leave to submit this statement is appropriate so that the Commission may have a record of the position of one of the major generating entities in San Diego County affected by the Application. Cabrillo Power did not submit the Response earlier because it was unclear when a Response to the latest filing by Applicant was due, and whether participation on an active basis by Cabrillo Power would be helpful to the determination of the issues in the Application. In an effort to avoid duplicative statements of issues, Cabrillo Power has adopted the statements made by other responding intervenors, and limited its response to noting the facts regarding generation in the load served by the new line.

Other parties will not be prejudiced or disadvantaged if the Commission grants leave to submit the Response. It is brief, and was served timely electronically to all parties.

For all of these reasons, Cabrillo Power respectfully request that the Commission grant leave to file the Response.

Respectfully submitted this 12th day of September, 2006.
